inside

**The columns are numbered, left to right.
If you are standing on the black pavement,
you are looking at the "inside" of the columns.**

**If you are standing on the light pavement,
facing a column, you are looking at the "outside"
of a column. The names are designated by
number and also by "inside" or "outside."**

**For your convenience, you can record the location
of names you want to view on the flip-side of the postcard.**
