Notes to Financial Statements

Year ended March 31, 2008

1. Nature of operations:

Gabriel Dumont Institute of Native Studies and Applied Research, Inc. (the "Institute") is a not-for-profit organization that provides Métis people in Saskatchewan the opportunity to obtain training and education. This opportunity is provided through the institute as well as its affiliates, Gabriel Dumont College Inc. and Dumont Technical Institute, Inc. The Institute and its affiliates are incorporated under the *Non-Profit Corporations Act of Saskatchewan* and as such are not subject to income tax under the *Income Tax Act (Canada)*.

The Institute controls Gabriel Dumont College, Inc., Gabriel Dumont Institute Community Training Residence Inc., Dumont Technical Institute Inc., Gabriel Dumont Scholarship Foundation II, and Gabriel Dumont Training and Employment Inc., as the Board of Directors of the Institute are the same directors and the only directors of the controlled entities. These financial statements do not include the operations of these controlled entities and further information is included in note 9.

2. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles and reflect the following policies:

(a) Fund accounting:

Revenue and expenses related to program delivery and administrative activities are reported in the following funds:

Administration and Core Services

The finance and operations department which is located in Saskatoon is responsible for carrying out the organization's financial planning, administering personnel services and providing administrative support services to the entire organization.

Core service departments include curriculum development, research, and library and information services. The research and curriculum staff are located in Saskatoon and library staff work in both the Regina and Prince Albert Resource Centres. The curriculum department is an important vehicle for the fulfillment of the Institute's mandate, which is the promotion and renewal of Métis culture. The research department is responsible for identifying new projects, developing proposals and identifying funding sources for the

2. Significant accounting policies (continued):

successful completion of projects. The library has a unique collection which focuses on Métis history and culture and on issues of concern in Métis and First Nations communities. It serves the research needs of the Institute and is located in Regina, Saskatoon and Prince Albert.

Publishing

The Publishing fund has allowed the institute to make important links with Métis communities and organization in Western Canada. The funds allocated have assisted the Institute in creating Métis cultural development in the following areas: public education and cultural preservation, awareness, resource/material development, community consultations, Métis cultural programming and the collection of Métis artifacts. The goals accomplished with the contract between the Federal Interlocutor for Métis and Non-Status Indians Division, Privy Council Office and the Institute will lead to a series of long-term Métis-specific resources and cultural programs that will serve the Métis people and the Canadian public into the future.

S.U.N.T.E.P.

The Saskatchewan Urban Native Teacher Education Program ("S.U.N.T.E.P") is a four-year fully accredited Bachelor of Education program, offered by the Institute in cooperation with Saskatchewan Post-Secondary Education and Skills Training, the University of Regina and the University of Saskatchewan. The program is offered in three urban centres - Prince Albert, Saskatoon and Regina. The program combines training and a sound academic education with extensive classroom experience and a thorough knowledge of issues facing students in our society.

Other Specific Contract Projects

The Institute has implemented a wide variety of additional education and training offerings throughout Saskatchewan. Many of these programs have been delivered in cooperation with the University of Saskatchewan and Saskatchewan Post-Secondary Education and Skills Training.

Endowment Contributions

Endowment contributions are restricted to the provision of scholarships.

GABRIEL DUMONT INSTITUTE OF NATIVE STUDIES AND APPLIED RESEARCH, INC.

Notes to Financial Statements (continued)

Year ended March 31, 2008

2. Significant accounting policies (continued):

(b) Revenue recognition:

The Institute follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue of the appropriate fund in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue of the appropriate fund when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Contributions include grant and contract revenue. Deferred revenue represents funding received related to expenditures and program delivery in future years.

Endowment contributions are reported in the Endowment Fund.

Tuition fees are recognized as revenue when the courses are held.

(c) Financial instruments and short-term investments:

Effective April 1, 2007, the Institute adopted the Canadian Institute of Chartered Accountants' Handbook Section 3855 - Financial Instruments - Recognition and Measurement. Pursuant to the requirements of this Section, the Institute has designated all of its cash and investments as "held for trading" and records them at fair value. Accounts receivable are classified as "loans and receivables" and measured at amortized cost. Accounts payable and accrued liabilities are classified as "other financial liabilities" and measured at amortized cost. The adoption of this accounting policy did not have a material impact on the financial statements.

Investments are valued at year-end quoted market prices, where available.

In determining fair values, adjustments have not been made for transaction costs as they are not considered significant. The unrealized gain or loss on investments, being the difference between book value and fair value, is included in interest revenue in the statement of operations.

(d) Property, plant and equipment:

Property, plant and equipment are initially recorded at cost. Donated assets are recorded at their estimated fair market value plus other costs incurred at the date of acquisition. Normal maintenance and repair expenditures are expenses as incurred.

GABRIEL DUMONT INSTITUTE OF NATIVE STUDIES AND APPLIED RESEARCH, INC.

Notes to Financial Statements (continued)

Year ended March 31, 2008

2. Significant accounting policies (continued):

Amortization is recorded in the accounts utilizing the following methods and rates:

Asset	Method	Rate
Building	Declining	5 %
Computer equipment	Declining	20 %
Other equipment	Declining	20 %

Leasehold improvements are amortized on the straight line method, over the term of the lease.

Amortization is charged for the full year in the year of acquisition. No amortization is taken in the year of disposal. It is expected that these procedures will charge operations with the total cost of the assets over the useful lives of the assets. Gains or losses on the disposal of individual assets are recognized in income in the year of disposal.

(e) Library costs:

The Institute's library collection includes materials related to the culture and history of Aboriginal peoples not readily available from other sources. These materials assist the Institute in its own cultural and historical research and curriculum activities. The acquisition costs of the library collection are expensed. The library collection is not carried at cost and amortized because they are: held for public exhibition, education and research; protected, cared for and preserved; and any proceeds from sales are used to maintain the existing collection and to acquire other items for the collection.

(f) Inventory:

Inventory is recorded at the lower of average cost or net realizable value.

(g) Employee benefits:

The Institute provides a defined contribution pension plan, life insurance, long and short-term disability coverage, dental, vision, and health care benefits to employees. Cost are expensed in the year incurred.

GABRIEL DUMONT INSTITUTE OF NATIVE STUDIES AND APPLIED RESEARCH, INC.

Notes to Financial Statements (continued)

Year ended March 31, 2008

2. Significant accounting policies (continued):

(h) Financial Instruments:

Cash and investments are recorded at fair value. For certain of the Institute's financial instruments including accounts receivable and accounts payable and accrued liabilities, the carrying amounts approximate fair value due to the immediate or short-term maturity of these items. It is not possible to determine the fair value of amounts due from affiliates and the mortgage receivable due to the non-arms length nature of the relationships between the related parties.

(i) Use of estimates:

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from these estimates.

3. Due from (to) affiliates:

Amounts due from (to) affiliates bear no interest and have no fixed terms of repayments.

	2008	2007
Dumont Technical Institute, Inc.	\$ 223,241	\$ 192,554
Gabriel Dumont Institute Community Training Residence, Inc.	302,991	302,744

Gabriel Dumont Scholarship Foundation II	33,467	17,572
	<u>\$ 383,504</u>	<u>\$ 509,912</u>

4. Mortgage receivable:

The mortgage receivable is with Gabriel Dumont Institute Community Training Residence, Inc. ("CTR") and is due on demand, bearing interest at CIBC prime plus 1% (5.25% at March 31, 2008; 7.00% at March 31, 2007), with CTR's building pledged as collateral. Unpaid interest has been added to the mortgage receivable, such that the amount receivable as of March 31, 2008 is \$136,432 (2007 - \$128,407) consisting of a current portion totaling \$25,000 (2007 - \$25,000).

GABRIEL DUMONT INSTITUTE OF NATIVE STUDIES AND APPLIED RESEARCH, INC.

Notes to Financial Statements (continued)

Year ended March 31, 2008

4. Mortgage receivable (continued):

The Institute will not be demanding repayment in the next fiscal year, but has requested that \$25,000 be paid towards the debt in the upcoming fiscal year. The fair value of the mortgage receivable approximates the carrying amount due to its floating rate.

5. Property, plant and equipment:

Nature of organization:

Dumont Technical Institute Inc. ("the Institute") is an organization that provides Métis people in Saskatchewan the opportunity to obtain training and education through the Institute as well as its affiliates, Gabriel Dumont College, Inc. and Gabriel Dumont Institute of Native Studies and Applied Research, Inc. The Institute is incorporated under the Non-Profit Corporations Act of Saskatchewan and as such is not subject to income tax under the Income Tax Act (Canada).

The Institute's operations are divided into three main segments.

The core operations are responsible for program coordination, resource management, strategic planning, provision of counselling services and the day-to-day functions of the Institute.

The Basic Education Programming (BE) includes a wide range of programs aimed at increasing the education and literacy levels of course participants. Programs offered under the BE include adult secondary education, life skills and employment enhancement.

Other programs include a wide range of technical programming with the aim of equipping students with the necessary knowledge and skills to enter the labour market.

The majority of these skills training programs are accredited through Saskatchewan Institute of Applied Science and Technology (SIAST).

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the accounting policies summarized below:

(a) Use of estimates:

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from these estimates.

Notes to Financial Statements (continued)

Year ended June 30, 2008

1. Significant accounting policies (continued):

(b) Revenue recognition:

The Institute follow the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be reviewed can be reasonable estimated and collection is reasonable assured. Contract revenue is recognized as service is provided under the contract. Deferred revenue represents funding received related to expenditures and program delivery in future years.

(c) Investments:

Investments consist of money market mutual funds and fixed income bond pooled funds with a Canadian chartered bank and are carried at market value. These investments are considered long-term in nature as they are held for long-term investment purposes.

In determining fair values, adjustments have not been made for transaction costs as they are not considered significant. The unrealized gain or loss on investments, being the difference between book value and fair value, is included in interest revenue in the statement of operations.

(d) Property, plant and equipment:

Property, plant and equipment is stated at cost. Amortization is provided using the following methods and annual rates:

Asset	Method	Rate
Computer equipment	Declining balance	30%
Furniture and equipment	Declining Balance	20%
Building	Declining balance	5%

Amortization is charged in the year of acquisition for the full year. No amortization is charged in the year of disposal. It is expected that these procedures will charge operations with the total cost of the assets over the useful life of the assets. Any gain or loss on the disposal of individual assets is recognized in income in the year of disposal.

1. Significant accounting policies (continued):

(e) Employee benefits:

The Institute provides a defined contribution pension plan, life insurance, long and short term disability coverage, dental, vision, and health care benefits to employees. Costs are expensed in the year incurred.

(f) Financial instruments and short-term investments

Effective July 1, 2007, the Institute adopted the Canadian Institute of Chartered Accountants' Handbook Section 3855 - Financial Instruments - Recognition and Measurement. Pursuant to the requirements of this Section, the Institute has designated all of its cash and investments as "held for trading" and records them at fair value. Accounts receivable are classified as "loans and receivables" and measured at amortized cost. Accounts payable and accrued liabilities are classified as "other financial liabilities" and measured at amortized cost. The adoption of this accounting policy did not have a material impact on the financial statements.

Notes to Financial Statements

Year ended March 31, 2008

1. Organization:

Gabriel Dumont Institute Training and Employment Inc. ("the Institute") is a not-for-profit organization that provides Métis people in Saskatchewan the opportunity to obtain training and education. This opportunity is provided through the Institute and funded through the Métis Human Resources Development Agreement (MHRDA) signed with Human Resources and Social Development and the Employment Insurance Commission (Service Canada). The Institute and its affiliates are incorporated under the Non-Profit Corporations Act of Saskatchewan and as such are not subject to income tax under the Income Tax Act (Canada). The institute commenced operations in November of 2006.

The Institute is jointly controlled with Gabriel Dumont Institute of Native Studies and Applied Research and its related entities: Gabriel Dumont College, Inc., Gabriel Dumont Institute Community Training Residence Inc., Dumont Technical Institute Inc., and Gabriel Dumont Scholarship Foundation II, as the Board of Directors of Gabriel Dumont Institute of Native Studies and Applied Research, Inc. are the same directors and the only directors of the controlled entities. These financial statements do not include the operations of these other entities.

2. Significant accounting policies:

(a) Basis of presentation:

The financial statements have not been prepared in accordance with Canadian generally accepted accounting principles. Because these financial statements have not been prepared for general purposes, some users may require further information.

The financial statements have been prepared for the purposes of reporting to the Institute's primary funding agency, Service Canada. Accordingly, these financial statements have been prepared in accordance with accounting policies specified by Service Canada.

(b) Revenue recognition:

The Institute follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Contributions restricted for the purchase of furniture and equipment are deferred and recognized into revenue at a rate corresponding with the amortization rate for the related furniture and equipment.

Notes to Financial Statements (continued)

Year ended March 31, 2008

2. Significant accounting policies (continued):

(c) Modified cash basis for programs:

Program claims submitted within twenty days of the financial statement date are accrued as program expenses and included in funding claims from Service Canada. Program expenses not submitted within the twenty days deadline are not recognized in the period when the activity occurred that caused the expense. This differs from Canadian generally accepted accounting principles in the expenses are to be recognized in the period incurred.

(d) Furniture and equipment:

Furniture and equipment are stated at cost. Amortization is provided using the following method and annual rates:

Asset	Method	Rate
Computer equipment	Declining balance	20%
Furniture and equipment	Declining balance	20%

Amortization is recorded in the month the assets are put into use such that the total costs of the assets will be charged to operations over the useful life of the assets.

(e) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from these estimates.

(f) Employee benefits:

The Institute provides a defined contribution pension plan, life insurance, long and short-term disability coverage, dental, vision, and health care benefits to employees. Costs are expensed in year incurred. Pension expense was \$52,479 (\$24,329 for the period ended March 31, 2008).

Notes to Financial Statements (continued)

Year ended March 31, 2008

2. Significant accounting policies (continued):

(g) Financial instruments:

Effective April 1, 2007 the Institute adopted the Canadian Institute of Chartered Accountant's Handbook Section 3855, Financial Instruments - Recognition and Measurement. Pursuant to the requirement of this Section, the Institute has designated all of its cash and short-term investments that may arise as "held for trading" and carried at fair value. Funding receivable from Service Canada is classified as "loans and receivable" and is measured at amortized cost. Accounts payable and accrued liabilities are classified as "other financial liabilities" and measured at amortized cost. The adoption of this accounting policy did not have a material impact on the financial statements of the Institute.

Bank indebtedness is carried at fair value. The carrying amounts of funding receivable from Services Canada and accounts payable and accrued liabilities approximate fair value due to the immediate or short-term maturity of these items.

Notes to Financial Statements

Year ended March 31, 2008

1. Nature of operations:

Gabriel Dumont College, Inc. ("GDC", "the College") has an affiliation with Saskatchewan Post-Secondary Education and Skills Training and the University of Saskatchewan. It provides a means of post-secondary education for Metis people. Non-Metis university students may enroll provided there is space available after Metis students have enrolled to a maximum total capacity of 40 people. The College is incorporated under the *Non-Profit Corporations Act of Saskatchewan* and as such is not subject to income tax under the *Income Tax Act (Canada)*.

Gabriel Dumont Institute of Native Studies and Applied Research, Inc. controls Gabriel Dumont College, Inc., Gabriel Dumont Institute Community Training Residence, Inc., Dumont Technical Institute Inc., Gabriel Dumont Training & Employment Inc., and the Gabriel Dumont Scholarship Foundation. The Board of Directors of Gabriel Dumont Institute of Native Studies and Applied Research, Inc. are the directors of all the controlled entities.

2. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles and reflect the following policies:

(a) Use of estimates:

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from these estimates.

(b) Revenue recognition:

The College follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

GABRIEL DUMONT COLLEGE, INC.

Notes to Financial Statements (continued)

Year ended March 31, 2008

2. Significant accounting policies (continued):

(c) Investments:

Effective April 1, 2007, the College adopted the Canadian Institute of Chartered Accountants' Handbook Section 3855 - Financial Instruments - Recognition and Measurement. Pursuant to the requirements of this Section, the College has designated all of its cash and investments as "held for trading" and records them at fair value. Accounts receivable are classified as "loans and receivables" and measured at amortized cost. Accounts payable and accrued liabilities are classified as "other financial liabilities" and measured at amortized cost. The adoption of this accounting policy did not have a material impact on the financial statements.

Investments are valued at year-end quoted market prices, where available.

In determining fair values, adjustments have not been made for transaction costs as they are not considered significant. The unrealized gain or loss on investments, being the difference between book value and fair value, is included in interest revenue in the statement of operations.

(d) Equipment:

Equipment is stated at cost. Amortization is provided using the following methods and annual rates:

Asset	Method	Rate
Computer equipment	Declining	20 %
Other equipment	Declining	20 %

Amortization is recorded in the month the assets are put into use such that the total cost of the assets will be charged to operations over the useful life of the assets.

(e) Financial instruments:

Cash and investments are recorded at fair value. For certain of the College's financial instruments including accounts receivable and accounts payable and accrued liabilities, the carrying amounts approximate fair value due to the immediate or short-term maturity of these items. It is not possible to determine the fair value of amounts due from affiliates due to the non-arm's length nature of the relationships between the related parties.

GABRIEL DUMONT COLLEGE, INC.

Accounts receivable are classified as "loans and receivables" and measured at amortized cost. Financial liabilities are classified as "other financial liabilities" and measured at amortized cost.

(e) Administrative services:

The Foundation is charged for administrative services provided by The Gabriel Dumont Institute of Native Studies and Applied Research, Inc. These charges are based on a percentage of interest revenue, not to exceed 15%.

2. Investments and change in accounting policy:

Effective January 1, 2007, the Foundation adopted the Canadian Institute of Chartered Accountants' Handbook Section 3855, Financial Instruments - Recognition and Measurement. Pursuant to the requirements of this Section, the Foundation has designated all of its investments as held for trading and carries them at fair value. The adoption of this accounting policy did not have a material impact on the beginning balance of investments at January 1, 2007.

The adoption of this accounting policy resulted in an unrealized gain of \$7,253 included in interest revenue in the statement of revenue and expenses for the year ended December 31, 2007.

2. Investments and change in accounting policy (continued):

Under the terms of the trust agreement, the Endowment fund can be invested only in investments which are guaranteed by government either through loan guarantee, issuance of bonds or depositor insurance. This criteria allows that, essentially, funds can only be invested in guaranteed investment certificates, treasury bills or government bonds.

3. Net assets restricted for endowment purposes:

In accordance with the terms of the original trust agreement, the principal amount originally endowed of \$600,000 must remain untouched. Furthermore, the trust agreement stipulates that attempts should be made to maintain the real value, in 1985 dollars, of the \$600,000 principal amount. The consumer price index has been used to measure incremental growth in the endowment. At December 31, 2007, the endowment did not meet this objective.

Amortization is charged for the full year in the year of acquisition. No amortization is taken in the year of disposal. It is expected that these procedures will charge operations with the total cost of the assets over the useful lives of the assets. Gains or losses on the disposal of individual assets are recognized in income in the year of disposal.
