At DTI...

We believe that, “Learners Come First”.

We believe in providing quality education.

We believe in striving for the success
of every learner.

We believe in showing compassion and
genuine concern for the accomplishment
of all learners.

“DTI is a great place to get back into learning. The small class sizes allow everyone to be able to have some one on one time with the teachers so no one gets behind. If you want to achieve something, the teachers here offer everything that you need to reach your goals.”

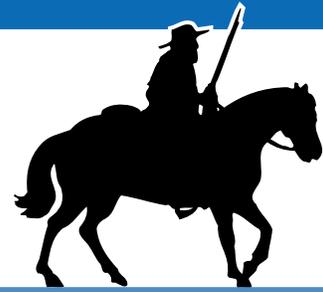

– Nina

Dumont Technical Institute (DTI) is the adult education and skills training entity of Gabriel Dumont Institute. Established in 1992, DTI provides quality education, training opportunities, and services to Saskatchewan's Métis. Over the past twenty-nine years, DTI has been successful in offering adult education and skill training programs to Métis people across the province. With the philosophy "Learners Come First," DTI has been instrumental in helping reshape the lives of Métis individuals and communities. DTI continues to prioritize Adult Education, Health, Industry/Trades, and Business training.

DTI is proud of its partnerships with various employers that help Métis learners obtain solid employment as well as the giant strides it has made over the years to help meet the needs of Métis learners through curriculum enhancement and Métis-specific programming; working cooperatively with other institutions and agencies to improve Métis participation and success in the education system; and ultimately developing a skilled Métis workforce that will meet local, regional, and national labour market needs.

STUDENT SERVICES

- Culturally re-affirming environment
- Academic support
- Tutoring and guidance
- Links to employment
- Liaison with sponsoring agencies such as: GDI Training & Employment, Provincial Training Allowance, and Student Financial Assistance
- Referrals for student assistance
- Career counseling
- Essential Skills training
- Accredited training opportunities
- Testing Services
- Class 5 Driver Training

**"I wanted a place to build my skills that felt familiar. DTI is welcoming and I don't feel excluded or prejudice behaviours with anyone that I've interacted with. Everyone from the receptionist to the instructors are kind and really focus on helping the students. DTI has a person for everything! If you need help there is a handful of people that WANT to help, rather than just "doing their job."

Dumont Technical Institute - Course Information

Business Certificate is a one year certificate program with opportunities to work towards a two year diploma, or transfer directly into a degree program. This program is ideal for those looking for a career in the business world, and will provide a general overview of the major business functions within small, medium and large companies or organizations. Completing this program will allow you to begin your career as a business professional in a wide range of sectors and in specialized fields such as: Accounting, Finance, HR, Management, Marketing, or Entrepreneurship.

Continuing Care Assistant is a one-year Saskatchewan Polytechnic certificate program. This program provides hands-on classroom learning and practical clinical experience. Practicums provide direct experience in home care, long-term care, special care, and acute care settings.

Early Childhood Education is important when working with young children in child care facilities and as a home child care provider. This training will give you the skills and abilities to provide the best care and education for infants, toddlers, pre-schoolers, and school aged children.

Heavy Equipment Operator (HEO) The HEO Program prepares students for professional construction work as Heavy Equipment Operators. Participants receive instruction in the classroom and gain hands-on practical experience in the field. Equipment includes: Excavator, dozer, grader, and articulated truck.

Heavy Equipment Truck & Transport Technician is a Saskatchewan Polytechnic certificate program that provides knowledge and skill development in servicing, maintaining, testing, diagnosing and repairing heavy equipment, trucks, buses, and transport vehicles.

Multi-Sector Safety Tickets is industry-certified training to provide students with the safety tickets necessary for workplace maintenance and potential employment across a variety of industries. These include, but are not limited to: mining, oil and gas, agriculture, and forestry.

Office Administration is a Saskatchewan Polytechnic certificate program that provides knowledge and skill development related to the business office environment, with an emphasis on computer applications. Learners will receive practical and applied training in word processing, accounting, spreadsheets, communications, office procedures, employability skills and more.

Practical Nursing is a provincially accredited program. Graduates receive a Saskatchewan Polytechnic/DTI diploma and are eligible to write the national licensure exam, register with the Saskatchewan Association of Licensed Practical Nurses (SALPN), and practice anywhere in Canada.

The program curriculum includes concepts of health promotion, illness prevention, mental health, acute care, and rehabilitative care. Students gain hands-on learning experience with our in-lab classrooms, unique prep programs, small class sizes, and our highly qualified staff.

All DTI programs are nationally and provincially certified.

DTI has a Federation Agreement with Saskatchewan Polytechnic that provides DTI with the ability to deliver Saskatchewan Polytechnic programs.

"I would recommend DTI to others because the program and teachers set you up for success if you commit yourself."
- Kyle

Dumont Technical Institute - Course Information

ADULT BASIC EDUCATION (ABE), also referred to as Adult Upgrading, is an umbrella term that refers to a wide range of services, credit, and non-credit programs designed to help adult learners achieve their goals. These goals may include:

- increasing education and/or certification levels;
- gaining prerequisites for further training or employment;
- enhancing life skills, independence and self-sufficiency; or
- learning skills in specific areas (such as technological literacy, communication skills, or portfolio development).

There are four levels of Adult Basic Education in Saskatchewan:

LEVELS 1 AND 2 (LITERACY) In this program, DTI adults develop communication, numeracy, interpersonal skills, lifelong learning skills, and more recently may include workplace essential skills.

LEVEL 3 (ADULT 10) programs are designed for people who want to build on their knowledge and skills. The Level 3 programs offered by Saskatchewan Polytechnic, regional colleges, SIIT, and DTI consist of five subject areas: Communications, Social Sciences, Life/Work Studies, Mathematics, and Science. Learners who complete Level Three successfully, go on to further education, training, or employment opportunities.

LEVEL 4 (ADULT 12) Under Adult 12 Policy, an adult may attain a Grade 12 standing by successfully completing seven credit classes.

Prerequisite requirements are waived for adults.

Compulsory courses for Adult 12 (secondary completion) are:

- English Language Arts A 30 and English Language Arts B 30;
- One Canadian Studies course (History 30, Native Studies 30, or Social Studies 30);
- One level 20 or level 30 mathematics;
- One level 20 or level 30 science;
- Two electives at level 30 (one may be Prior Learning 30).

THE GENERAL EDUCATION DIPLOMA (GED) TESTS

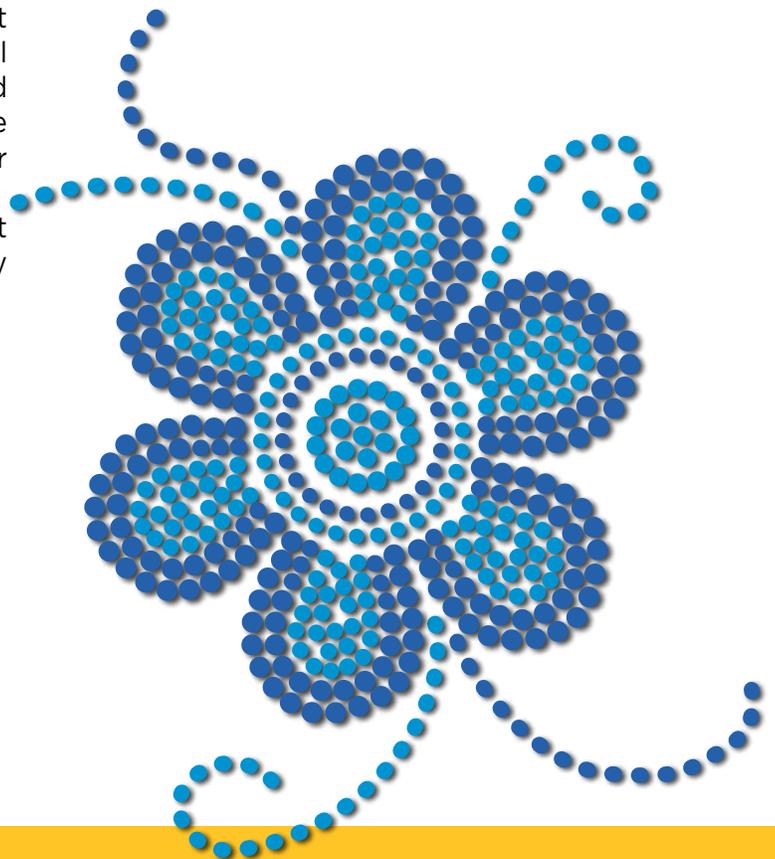

GED tests measure the academic skills and knowledge expected of high school graduates. The tests are designed to measure the general knowledge, ideas, and thinking skills that are normally acquired through four years of high school.

The GED test is comprised of five testing areas: reading, writing, mathematics, science, and social studies. The tests also measure communication, information-processing, problem solving, and critical thinking skills.

WORKPLACE 101

This program will address the link from academic education to employment focus by assisting Level 1 and 2 literacy learners in obtaining the academic and essential skills needed to find gainful full and part time employment. Subsequent objectives of the program are to provide adult learners, through work experience placements and safety training, an opportunity to gain full/part time employment.

Each Workplace 101 program has a unique focus dependent upon community need.

CLASS 5 DRIVER TRAINING

Class 5 Driver Training has been offered since 2017 in various communities across the province. This program has been widely successful to date with continued programming planned for the future. The program consists of a classroom portion allowing applicants the opportunity to gain their class 7 learners license, six hours of required practice driving with a qualified instructor, as well as a class 5 road exam when clients are eligible. The Class 5 Driver Training program is removing barriers for our clients, which aids in the process of finding meaningful employment in the future.

TESTING SERVICES

GED® (General Educational Development) is the system of standardized examinations which entitle those who pass to receive a credential considered as an equivalent to completion of a high school diploma.

The GED® Test is a five-part exam measuring high school equivalent skills and knowledge in these subject areas: Language Arts-Reading, Language Arts-Writing, Math, Social Studies, and Science

WANT TO REGISTER? Please go to www.ged.com and create an account

Individual Subjects: \$7.00

FULL GED® Exam: \$35.00

*Sponsorship may be available-
please contact testing services*

*Looking to become an apprentice, but don't have the educational requirements?
IXL Learning is a computer online learning system that helps people update the literacy and math skills with a fresh and supportive style.*

IXL Learning's skills are aligned to the Saskatchewan Curriculum Outcomes providing comprehensive coverage of Math and English Language Arts. Clients taking the Entrance Requirements Training will have a certain time frame to complete the training, and must meet the required score in each learning outcome before they can move forward with becoming an apprentice.

CPNRE

The Canadian Practical Nurse Registration Examination (**CPNRE**) is a comprehensive exam for those who have successfully completed an accredited Practical Nursing program; it is an entry-to-practice exam.

The CPNRE is a computer-based exam delivered via Pearson Vue.

Pride. Perseverance. Possibilities.

SCHOLARSHIPS & BURSARIES

The Gabriel Dumont Institute (GDI) has been administering scholarships for Saskatchewan's Métis since the early 1980's through the Gabriel Dumont Scholarship Foundation. Scholarships are awarded to Métis students who are Saskatchewan residents and are registered as full-time students at an accredited post-secondary institution. The programs are intended to recognize leadership, academic ability, financial need, and community involvement of students who meet the eligibility criteria for any or all scholarship programs.

To apply for scholarships or for more information on GDI Scholarship Foundation, please visit our website: www.gdins.org/scholarships

STUDENT FUNDING & SUPPORT

Adult Upgrading/Adult Basic Education

Provincial Training Allowance (PTA) - PTA is a monthly allowance for students enrolled in adult basic education (or related studies), quick skills (less than 12 weeks), and bridging programs. The Allowance assists lower income families or families receiving social assistance to upgrade their educational credentials and then move into the workforce.

www.saskatchewan.ca/residents/jobs-working-and-training/job-training-and-financial-support-programs/provincial-training-allowance

STUDENT LOANS

The Canada Student Loans Program and the Saskatchewan Student Loans Program provide repayable and non-repayable financial assistance to full-time post-secondary students to supplement student and family resources. The amount of assistance awarded is based on financial need, according to criteria set out by the program.

www.saskatchewan.ca/residents/education-and-learning/student-loans

GABRIEL DUMONT INSTITUTE TRAINING & EMPLOYMENT (GDI T&E)

GDI T&E may provide individual sponsorship to assist students to obtain the skills required to advance their present position or obtain quality employment in their chosen field. These initiatives will always include a recognized and accredited education or training component. Costs that may be covered may include, but are not limited to: tuition, books, training allowance, and student travel.

www.gdins.org

"I know other DTI students who felt at home and appreciated here. I have met strangers who have also mentioned attending DTI, and how it was the best school that they have attended. I would recommend DTI to others if they were searching for success. DTI sets a student up with everything they will need to be successful. It's a place to grow, learn, and sets the path for success." - Michael

SUBMITTING YOUR APPLICATION

- Dumont Technical Institute does not request an application fee. Our application form requires a few moments of your time.
- Priority is given to applicants who are Métis and meet the program entrance requirements.
- It is important that you keep your contact information up to date with our registration department to ensure that we are able to contact you if we require more information, to set up interviews, and for any general correspondence. To update your information, simply call toll free: 1-877-488-6888, provide your name, the program you applied for, and the updated contact information.

To apply in person, please complete the application form attached to this package and submit in one of the following ways:

- Visit your nearest Gabriel Dumont Institute office and our friendly staff will forward your application to our head office location in Saskatoon free of charge. For a listing of addresses of these offices, please visit: www.gdins.org/contact-us/directory/ or call toll free: 1-877-488-6888.
- Mail your application form to:
Dumont Technical Institute,
917 22nd Street West, Saskatoon, SK
S7M 0R9
- Fax your application form to: (306) 242-0002
Attention: Student Registration
- Scan and email your application form to:
reception@gdins.org

To apply online, please use the following steps:

- Visit www.gdins.org
- In the top right corner, click 'Apply Now'
- Select the program you are interested in applying to from the drop down menu under the Programs and Courses tab, and fill out the listed information under Program Details.

Some programs will require extra documentation to attach to your application such as official transcripts, copy of driver's license, criminal record checks, etc.

Upon submission of your application, you will be contacted by a DTI representative within two weeks.

If you have any questions at all during the application process, please do not hesitate to call us for assistance at 1-877-488-6888.

"DTI feels like home! I came here to complete my Grade 12 in 2018. I love everyone here, and came back to complete the CCA program. Everyone is like family here. We all care for one another and push each other to be as successful as we can be."
- Alaina

"My favourite part of attending school at DTI is learning about Métis culture and the culture days where we do arts and craft type projects. DTI is a good place to learn more about yourself, your culture, and get your education."
- Travis
